## Intern AI Business Development & Strategy (m/f/d)\*

Artificial Intelligence

Location

Munich

Are you passionate about disruptive technologies, tech trends and innovation? Do you love learning and seek a challenge? Do you want to shape the future of a whole industry? Then this internship is the one for you!

Why us? We offer a high learning curve at the intersection of AI and venture building. With our diverse and ambitious team of Data Scientists, Project Managers and Business Developers, you will work on topics such as start-ups, ideations, or strategies to create highly impactful and innovative solutions for the future.

Are you in? Apply now. We look forward to your application.

### Your job

What? You collaborate with our highly motivated and enthusiastic team and various stakeholders beyond. In your upcoming role you will:

- Shape our forward-looking AI strategy and business initiatives, e.g., building corporate start-ups with us and our Innovation department
- Scout, identify and assess relevant tech trends, current research and start-up landscape (e.g., large language models) and develop effective courses of action, decision documents or ideas for novel initiatives
- Assist in creating compelling stories, engaging workshops and convincing pitches for our customers, partners and internal stakeholders

### Your profile

Who are you? You

- are a currently enrolled student, preferably with a quantitative or strategic focus (e.g., Computer Science, Data Science, Statistics, Innovation or similar)
- possess first experience or know-how in business development, innovation, start-ups, strategy development, AI, or consulting
- understand AI-related topics and current trends
- are experienced with Microsoft Office (e.g., Power Point)
- have strong communication and presentation skills in English

### About us

As the world's leading reinsurance company with more than 11,000 employees at over 50 locations, Munich Re introduces a paradigm shift in the way you think about insurance. By turning uncertainty into a manageable risk we enable fundamental change. Join us working on topics today that will concern society tomorrow, whether that be climate change, major construction projects, medical risk assessment or even space travel. Together we embrace a culture where multiskilled teams dare to think big. We create the new and the different for our clients and cultivate innovation. Sounds like you? Make it happen and be part of Munich Re.

- You will work in an environment where we think big: Change and culture are continuously role-modeled. We create and articulate a compelling and ambitious shared purpose, vision and direction. We pave the way towards success and see failure as learning
- You are going to experience that we care & dare: We are empathetic. We know when to lead and know when to let others lead. We attract, grow and coach future leaders
- We communicate in a clear & authentic way: We interact with a positive and humble spirit. We solicit feedback, ask and listen, learn and unlearn
- You will grow with your clients: Whatever our role, we support business, in an efficient and effective way, to create value for our clients. We embrace new ways of working leveraging digitalization to deliver solutions
- Join us, and experience that we lead the We: We have a passion for winning and growing as a team. We inspire people to be capable of joint performance. We create an inclusive environment where different thoughts, generations, cultures and experiences are valued and encouraged
